

Lenovo ThinkPad

Delivering impressive productivity for any business, the Lenovo ThinkPad L16 Gen 2 *i* elevates mobile efficiency for the hybrid workforce with AI-accelerated features, an enhanced user experience, and amplified serviceability. The Intel® Core™ Ultra processor on the Intel vPro® platform provides power-efficient performance and on-device AI for premium laptops, so you can be more productive, more collaborative, more secure, and happier with your technology. And whether you're working in the office, at home, or somewhere in between, you'll always be ready to create, write, or share, thanks to the 57Whr battery, WWAN options, and Intel® Wi-Fi 7 (5 Gig).

This bold device is engineered with narrower bezels for go-everywhere mobility while enabling a big and bright 16" display at an 87% screen-to-body ratio. The improved audiovisual experience, including Dolby Atmos® and Elevoc Audio, a 5MP RGB + IR camera, and AI-accelerated features from Lenovo View and Commercial Vantage, optimizes every onscreen collaboration. Multitask with ease, thanks to up to 2TB 2280 SSD storage and up to 64GB DDR5 memory. With an impressive array of customer replaceable units (CRUs), accessibility elements, multiple upgradeable features, and sustainable engineering, this Lenovo ThinkPad is designed to stand out.

Committed to sustainability

At Lenovo, we're focused on providing smarter technology that builds a brighter, more sustainable future for our customers, colleagues, communities, and the planet. We're determined to build a smarter future for all through the products and services we offer. And we partner with Intel, the industry leader in sustainable semiconductor manufacturing.

As we continue innovating to provide technology solutions that are more energy efficient and human-centered like the Lenovo ThinkPad L16 Gen 2 i, we stay focused on empowering you to meet your own sustainability goals—and solve humanity's greatest challenges.
